## PARKING

### VALET PARKING - \$4.00 - CASH ONLY\*\*\*:

- **Valet parking in Monks lot** will be made available at \$4.00 per car, payable upon exiting, directly to the lot attendant.
- Payment is **cash only**. Change or direct debit service is available at the main bar in Monks on the lower level.

**PAY PARKING** – There are two **pay parking lots**, both accessed off Moberly Road, nearby our location (Monk McQueens, 2<sup>nd</sup> floor, on the waterfront in False Creek):

- Rates are **\$1.00 per hour** and the pay machines accept coins or credit card.
- Traditionally at 11:30 am: the larger lot has 25 empty stalls; the smaller lot, a couple empty
- It is a 2-3 minute walk (depends on how hungry you are) from these two lots to our meeting's location.

**FREE PARKING** – There is also free 2-hour **roadside parking** permitted on Moberly, but empty spots are rare and get snapped up in short order. Two-hour roadside parking is also permitted on the north side of Commodore Road. Please watch your time, so that you are not ticketed.

### Do Not Park:

In the 6-8 spots designated as loading zone or reserved for patrons of the Heather Civic Marina. You will be towed.

**DIRECTIONS:** More at: <http://monkmcqueens.com/directions.php>

There is heavy road construction occurring along Cambie. In particular, we recommend avoiding the Cambie Bridge, and staying away from Broadway and Cambie. As well, avoid the area where 2nd / 6th Avenue passes under the Cambie Bridge. These areas, at present, are all bottlenecks.

### Best Routes (Driving)

- If approaching **from the west**, we suggest using Lamey's Mill Road (which becomes Charleson) -- always light traffic.
- If approaching **from the east**, get onto 1st Avenue and proceed under the Cambie Bridge onto Spyglass, do u-turn on Spyglass, and then turn right onto Commodore.

### Those cute commuter FERRIES...

The more adventurous of you may wish to arrive in style via commuter ferry. There are two companies that service Stamps Landing -- check out the ferry schedules here:
